

Workshop: Great Green Space for a Climate-Smart LA

*Saturday, August 25
10 am - 1 pm*

Want to help your neighborhood maximize green space and be more climate resilient? Want to make the best and most equitable use of Measure A and Prop 68 funds for local parks?

Join us for a hands-on workshop on how to optimize your neighborhood green space—and add to it where it's needed most. We'll also have updates on our committees' work on community oil drilling, trees, water, environmental health, and more, plus time to share what YOU are up to!
