Item 15 Parks, Medians, & Improvements Committee. There are no motions.

Item 16 Planning and Land Use Committee. Report and Motions. All motions are marked *

Motion 1: * The Planning and Land Use Committee moves that the GVGC submit a letter to LA Councilmembers, CFAC, UFD, LADBS, LA Planning, and the Mayor.

The Greater Valley Glen Council, which receives demolition notices for properties in our area from Building and Safety, has observed in all demolitions that not only are the structures removed on the property, but all the property trees are clear cut as well. We have had complaints from neighbors that perimeter trees could be preserved, but there is no ordinance to require this be done if feasible. To add further blight to our neighborhoods, lots remain vacant for years. This deprives the neighbors of privacy provided by the trees as well as loss of the shade and other ecosystem services provided by trees that are removed prematurely. A spatial scientist has detected a one third canopy loss in the past 10 years at a portion of our neighborhood council area. The lots are flat in this part of the Valley, and we have been told that grading is not an issue. We have learned that the Planning Department and Building and Safety started a **pilot program** requiring tree reports of all the trees on the property before plans are approved. We are asking for a motion that sends a copy of that report to the neighborhood council with an opportunity to weigh in on tree retention. We also ask for an ordinance that requires all trees to remain on the property with watering provided in hot weather until 30 days before commencement of construction. If trees are removed prior to that time, the building permit shall be revoked and a tree guarantee fee for the cost of the value of the mature trees imposed for the removed trees. *

Item 17 Public Comment on non-Agenda Items. Public comment is limited to 2 minutes per speaker, unless adjusted by the Chair including but not limited to cases where there are multiple speakers on a similar non-agendized item.

Greater Valley Glen Council ("GVGC")

Item 18 Board Comments on non-Agenda Items, including but not limited to brief announcements by Standing Committee Chairs (designees) wherein the Committee has no motions but wishes to update Board and Public on significant matters.

Item 19 * Motion to Adjourn *

Please note that, should this Meeting run longer than scheduled, a Special Continuance Meeting *may* be scheduled on Thursday, April 7, 2022, pursuant to a majority Board vote.

Next Regular Board Meeting is on May 2, 2022 at 7:00 p.m.

Hi Andrea, Anthony,

I have four email receipts from buying native plants from Theodore Payne that I am forwarding to you.

The bulk of the plants were bought on this emailed receipt. Here are the totals of the four receipts:

1. \$350.84 Order #110991 37 plants
2. 23.65 Order #109726 2 Red Buckwheat plants
3. 4.93 Order #110993 1 packet of Narrow-leaf Milkweed SEED
4. 53.22 Order #113292 9 PLANTS of Narrow-leaf Milkweed

\$432.64**TOTAL to be reimbursed to Alicia: \$432.64****A couple notes:**

1. The Narrow-leaf Milkweed PLANTS were not available to buy in January or February at Theodore Payne or any nursery in SoCal. Therefore I bought the Narrow-leaf Milkweed SEED to try to sprout the seeds and plant them in the ground—which can be difficult to do successfully. However when I went back to Theodore Payne in March, they had the actual Narrow-leaf Milkweed PLANTS! So I bought \$53.22 of Milkweed PLANTS and they are in the ground NOW. I have not opened or used the seed yet.

Without the Milkweed plants, the total was \$378.99, but I thought it was worth the \$53.22 to get nine plants of it—since that plant is crucial to Monarch caterpillars.

2. I think we can use the Milkweed seed in the future. Perhaps even give some away to stakeholders at a Butterfly Garden official opening. If we have one.

3. I already had a membership to Theodore Payne, which allowed me to save us 10% on all these plant and seed purchases. That is the “discount” noted on these receipts.

Thanks for your help and support of this Butterfly Garden project!

Alicia

\$9.86 for the replacement Alan Chickering Sage. This new plant will replace the one Alan Chickering Sage plant that has been trampled three times and I just can't save.

This replacement plant is bigger and stronger so I think it will not be trampled, or at least, not trampled as easily.
