6. General/Miscellaneous Safety Matters
 - Tom Newton brought up the website/app NIXLE, which sends out real time updates from local public safety departments such as the LA Police Department and LA Sheriffs Department. He's noticed that the LA Sheriffs department is very active on updating the public but has not seen enough participation from the LAPD. The safety committee members will sign up on the app and see in each of our areas if there are updates from the LAPD (ex: after hearing a helicopter or multiple police sirens). If the committee feels that the LAPD does not send out many updates, we will contact the Captains for the North Hollywood and Van Nuys Police departments to see if they can participate more frequently.
