Government Relations –

a. MOTION FOR BOARD ACTION: The Greater Valley Glen Council **opposes** the motion to place a measure for DWP reform on the 2016 ballot. We support the DWP Oversight Committee Resolution dated February 6, 2016, calling for a robust and transparent discussion and debate before any ballot measure involving the governance of our Department of Water and Power is placed on the ballot for voter approval or rejection. Rather than rush to the ballot, the DWP Oversight Committee calls on the City Council to follow the recommendation in the Industrial, Economic and Administrative (IEA) Survey to form "a committee to examine governance reforms for the Department with the explicit task of reporting its findings and recommending a measure for the 2017 ballot." The committee should be involved in drafting any memorandums and other information from the beginning and include at least two members from the Neighborhood Councils who are familiar with the operations and finances of DWP. (CF 16-0093).
